2. Prepare for Career Days (page 5)
3. Career Days program and activities (page 7)
4. Contests (page 10)
5. After Career Days (page 11)

# About the event

- KTU **WANTed** Career Days 2022 is the largest event for contacts and career planning in the Baltic States for students, pupils, and companies.
- The event is for university students and graduates planning their careers, pupils interested in future labour market trends, and the specialties awaiting them, and businesses, public sector companies, and organisations seeking to introduce themselves and attract talented specialists.
- The Career Days, organised for the last eighteen years by Kaunas University of Technology, helped thousands of students to successfully enter the labour market and the representatives of companies to find the most talented employees and interns for their organisations.

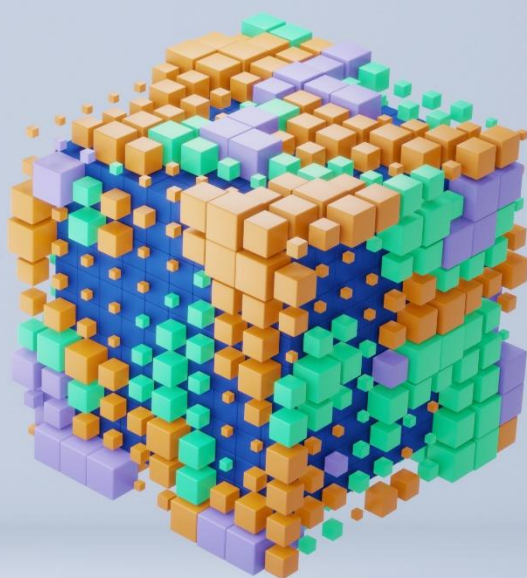

# About the event

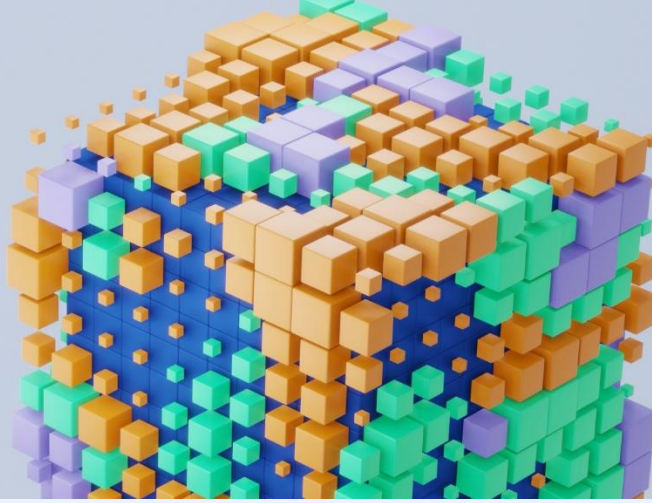

Participants of the event will be able to explore four different spaces:

- **FOR CAREER** THE FAIR OF COMPANY PRESENTATIONS WANTED MEETS WANTED, where companies and organisations will introduce themselves, answer all of your questions, and might offer jobs or internships. Are you ready for it?
- **FOR EDUCATION** THE CONFERENCE WANTED TALKS, where company representatives and guests will deliver presentations, will share insights on all the important details of the labour market: values, career paths, the value of work, and other aspects. The conference will end with a discussion. It's time to prepare the questions!
- The spaces of **INSPIRATION** and **RESPITE** will offer interactive activities and invite everyone to get to know, learn, try and relax. We invite you to experience it.

# PREPARE FOR CAREER DAYS

- Register and create a profile on the [WANTed platform](#). During the Career Days, you will have the opportunity to share your CV with selected companies.
- Visit the CV-check points and consult on **October 17-21** at palace XI (Studentų street 50, Kaunas).
- Download two apps: **Career Days** (all information about companies, speakers and activities) and **Badge wallet** (participate in activities, scan badge QR codes and win prizes).

# **CAREER DAYS PROGRAM AND ACTIVITIES**

# Your TO-DO-LIST

**Register** on the  **wanted** job and internship platform, create your profile and share your CV with companies during the Career Days.

**Take** part in the ECIU university workshop: Career Skills in the 21st Century.

**Come** to the photoshoot for your CV profile photo.

**Download** the KTU Career Days 2022 app and conveniently follow all the information about the event.

**Attend** a workshop on CV and update it before the Career Days.

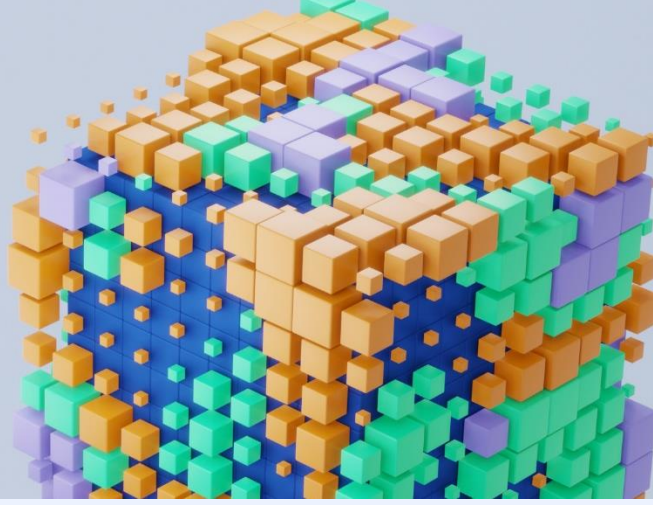

**Be active** - participate in Career Days 2022 activities and collect digital badges! Download Badge Wallet app, scan the QR codes you find during various activities and win great prizes!

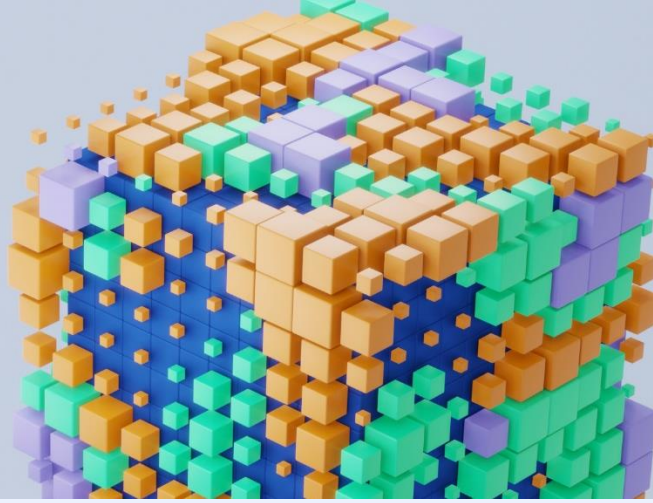

**Visit** the CV-check point, we will help you to dot the i's and cross the t's!

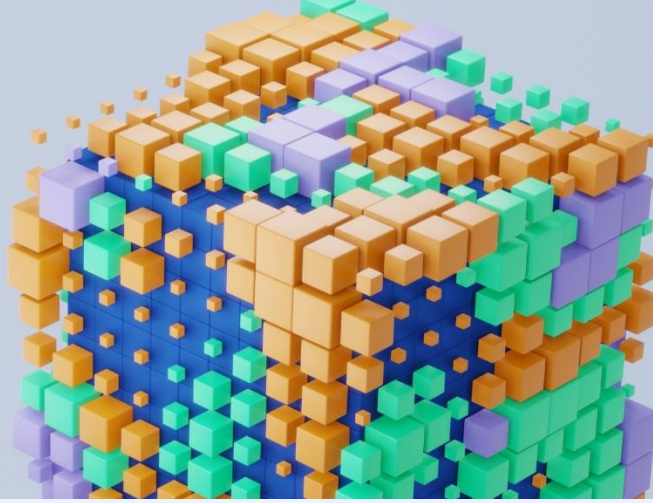

# AFTER CAREER DAYS

- If you have applied for an internship or job position and have not received any response from the enterprise, you can **contact** them after one week and inquire about the situation; it is possible the enterprise did not notice your CV due to a large number of applicants;
- After the virtual event at your faculty, constantly **check** the special board “**JOB WALL**”, the University’s **newsletters** and **screens** providing the information on vacancies and new job and internship offers;
- **Follow** the news of enterprises in the articles published on the website [ktu.edu](http://ktu.edu), read all the relevant information and other news;
- **Apply** regarding your career consultations and constantly **update** your CV, letter of motivation and LinkedIn account (register for a career consultation in your account in the [Academic Information System \(AIS\)](#));
- Constantly check the “[WANTed – Work and Internship Platform](#)” which provides new job and internship offers
